

Shade Tolerant Plant List

*At Van Wilgen's we want you to be a successful gardener.
We know that all landscapes have their challenges.
For those of us with shady yards it's important to add the
plants that thrive in those conditions.*

- Acer palmatum (Japanese maple)
- Arctostaphylos uva-ursi (Massachusetts bearberry)
- Azalea spp (Azalea)
- Buxus sempervirens (Common American Boxwood)
